ABOUT THE INSTRUCTOR	
<p>Michele Stuart is a licensed Private Investigator in Arizona with twenty years of experience specializing in the areas of Financial, Skip tracing and Open Source Investigations. She started her investigative career as an Economic Fraud Investigator, and her success in finding facts quickly earned her notice among her peers. Soon, her clients included such notables as the Federal Deposit Insurance Corporation and the Resolution Trust Corporation as well as several banks and lending companies. In 1997, Ms. Stuart started her own Private Investigative Firm, JAG Investigations Inc., located in Gilbert, Arizona. Since then, she and her firm have primarily specialized in the areas of Internet Profiling and Open Source Investigations. Her success in these areas of investigations have once again earned her the respect of her industry and brought her to its forefront. Recently she became an Adjunct Professor with the University of Virginia and asked to be an Instructor at Quantico for a multi country training program.</p> <p>Over the past few years she has provided numerous presentations to Law Enforcement Agencies throughout the U.S. including attendees from divisions of Homeland Security, U.S. Marshals, FBI, D.O.J., Tribal Nations, A.G.'s Office, and numerous other levels of both State and Federal agencies. Additionally, she has spoken for the finance and insurance industries. Moreover, she is a contributing author for two books regarding Internet investigations and currently is a featured author of "Internet FYI" articles concerning the Internet and Open Source Investigations and Profiling in PI Magazine, a widely distributed trade publication of the private investigations industry. Her presentation is entitled "<b>Internet Profiling and Intelligence Gathering</b>".</p>
